## Making your iPad Kid-friendly

Turning on restrictions on Ipads

Go onto Ipad settings

Go to General

Then Restrictions

Tap and add a password

## Changing password

Go to Settings Tap on General Then Password - enter password Pop-up - enter new password when prompted

Note: tap on required password at this point and change to immediately. This will require the iPad to seek password whenever iPad logs out.

Disabling App Store - This will stop children downloading apps without adult permission

Go to Settings

Tap on iTunes and Apple ID

Tap on Apple ID

Then Sign out when prompted.

Turning off in-app purchases

Go onto Ipad settings

Go to General

Then Restrictions enter password. Enable restrictions if you haven't.

In-App Purchases - click on the green button once to turn white.
