

# St Luke's News

A Christian school that serves a diverse community and works in partnership with parents to develop the whole child.

Friday 28th June 2019

Dear Parents,

*This week saw the explosion of creativity that is 'St. Luke's Got Talent!'. We had around 30 acts from magicians to comedians, instrumentalists to singer/songwriters. Special mention must go to Camilla from the nursery who sang and danced in front of nearly 200 people – oh to be so uninhibited! It was a fantastic show and a massive thanks has to go to Mr. Jennings for all his hard work, especially sitting through so many auditions!*

## **Innovation Week**

Next week we are all coming off-topic to hold our Innovation Week aimed at solving some of the world's biggest problems - no not Brexit! - but problems to do with the way we look after our world. Our Y5s will kick the week off by going to work with an educational engineering company called *Fixperts* at Kier Hardie School and this collaboration is the first (of many!) between our two schools that will happen next academic year – details to follow.

## **Nursing for the Future**

Next Monday afternoon Dr. Ruth May, the Chief Nurse for England, will visit our school and talk with the KS2 children about choosing nursing as a career path. The children have already made posters about how they currently view nursing and Ruth's chat, with practical activities for the children, is aimed at building on and challenging some of these ideas – more next week. If you as a parent are interested in finding out about a career in nursing you are also welcome to attend.

### **From Tragedy to Hope: The Ben Kinsella Exhibition**

On Tuesday I took the Y6 children to the Ben Kinsella exhibition in an Islington library. Ben was a teenage boy tragically stabbed to death in 2009.

Watching the documentary about how his death affected family and friends was the hardest thing I have had to watch in a long time. However the legacy of this friendly, art-loving boy, is this exhibition which really focuses on letting children transiting to secondary school understand the importance of making the right friendships and of always being aware of what is going on around you.

### **Y5/6 Careers Fair**

Next Thursday we aim to provide an opportunity for pupils to meet staff from a selection of different professions and ask them questions about their career journey. The main hall will be set up in a carousel style with each organisation providing basic marketing materials or display items associated with their professional role. The children will then have to work out who they are and what their organisation does, the types of jobs and careers available and the qualifications required, i.e, GCSEs, apprenticeships, university degree, etc.

### **Morning Drop Off**

It is so important to keep our children safe and there have been a couple of issues recently where very young children have not been escorted to their class at the beginning of the day and were close to running out of the school – It is the responsibility of the parent/carers to see them safely into class – please let us work together to make sure we keep them safe.

**And finally...** Golden assembly and St Luke's Got Talent winners!

Please make sure to check the last few weeks' dates below - and check out this flyer for a summer club held in Stratford shopping centre.

Have a great weekend and be careful of the sun!

Matt Hipperson

Head Teacher
