

How does my child log in to Google Classroom?

What does my child need?

- Ideally, a laptop/PC/Chromebook.

- Access to the Internet.

- Their school Google ID. **This will always end in @st-lukes.newham.sch.uk**

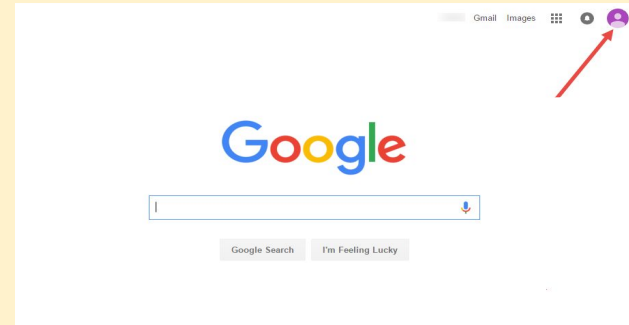

- Google Chrome downloaded and installed to your device.

<https://www.google.com/chrome/>

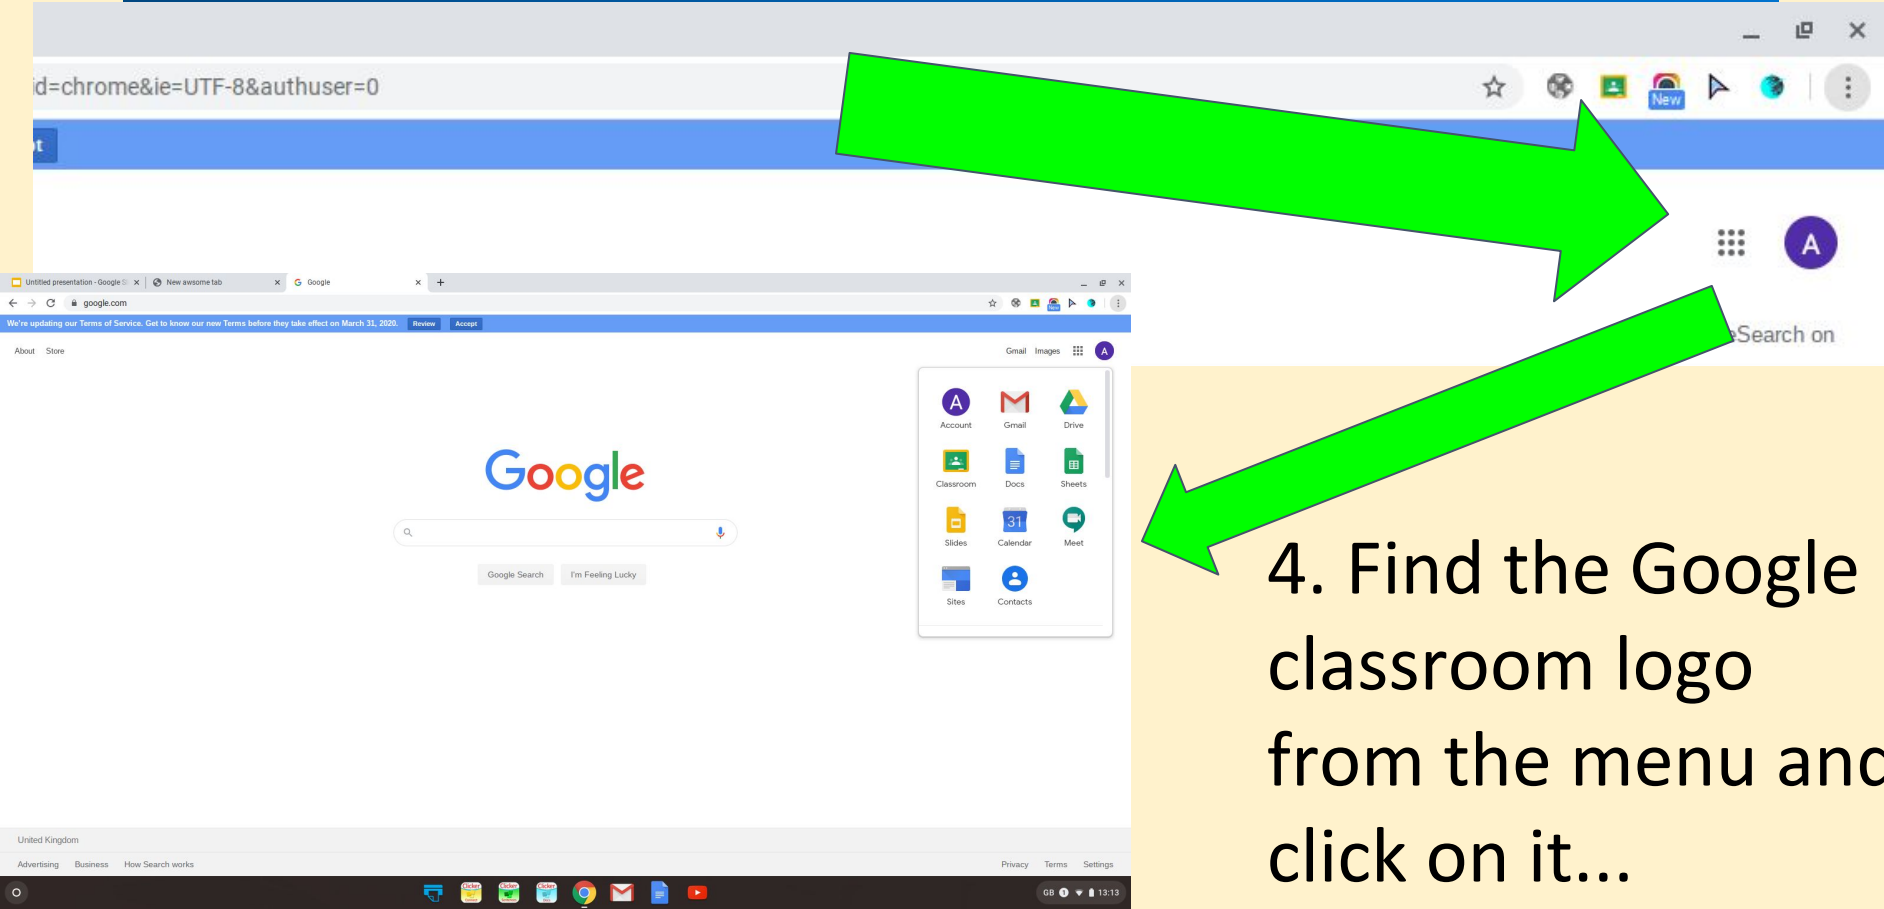

Log in to Google by entering using usernames and passwords...

1. In Chrome, look in the top right hand corner and click on
2. Children type in their username ending [@st-lukes.newham.sch.uk](#)
3. Children type in their password.

A screenshot of the Google sign-in page. At the top is the 'Google' logo. Below it is the text 'Sign in with your Google Account'. The main area has a light blue background with a large, light gray circular placeholder for a profile picture. Below this are two input fields: 'Email' and 'Password'. Under the 'Password' field is a blue 'Sign In' button. At the bottom left is a checkbox labeled 'Stay signed in' which is checked. At the bottom right is a link that says 'Need help?'.

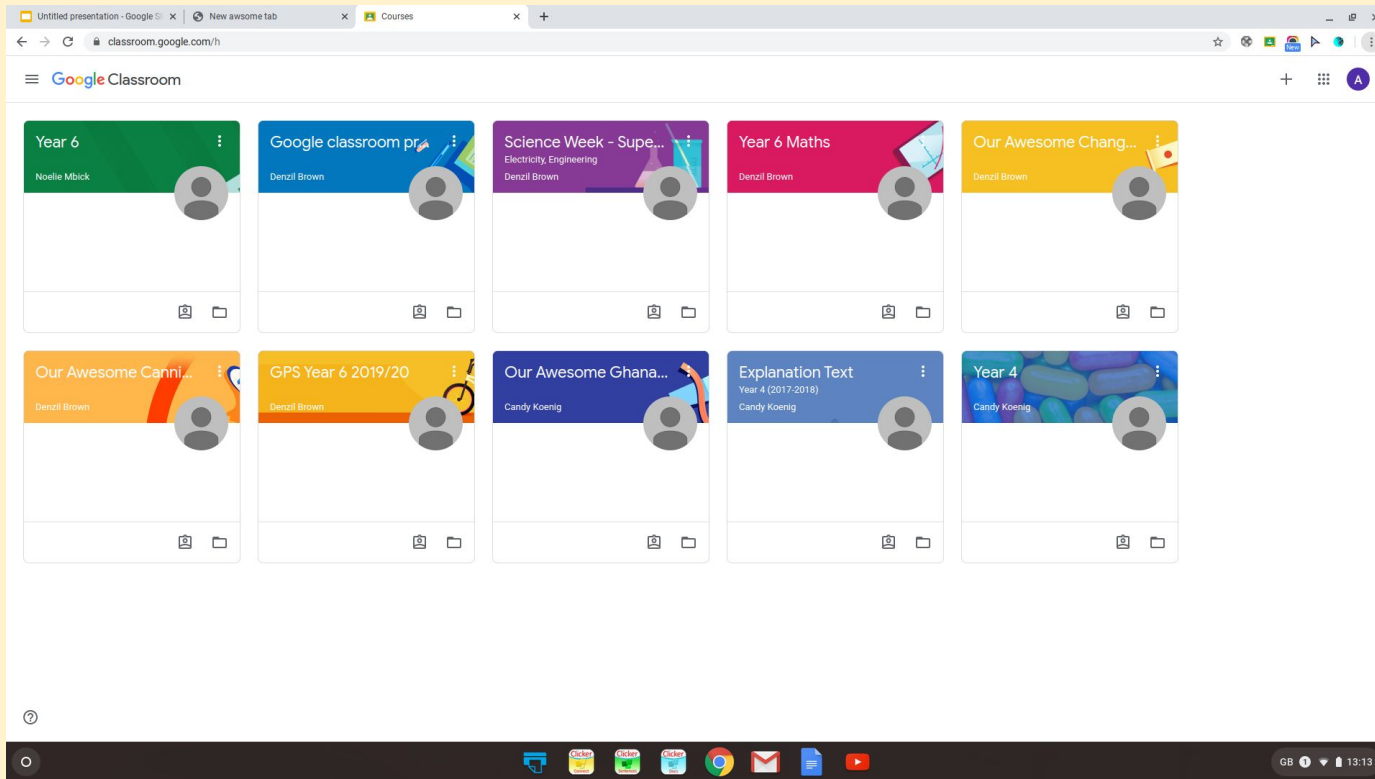

The first time you enter the log in details it will look like this.

3. Locate the 'waffle' in the top right hand side of the screen...

4. Find the Google classroom logo from the menu and click on it...

Welcome! Google Classroom will look something like this...

Your teacher will have invited you to join their 'classroom'.

Click 'accept' and join their classroom.

If not, ask them for the classroom code.

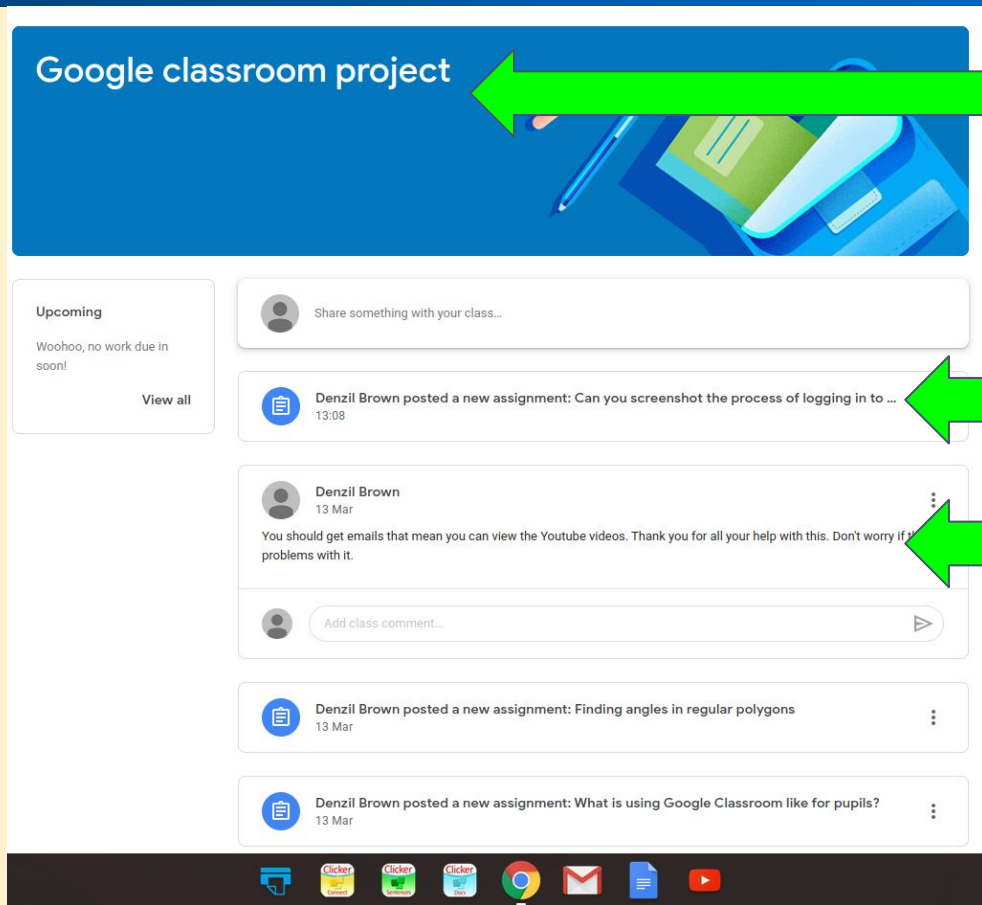

We never send comments to other children on Google Classroom at St Luke's

You have no need to send comments to other children and this shouldn't be possible as your teacher will have disabled the option.

Be warned, the teachers have access to all the work you are doing and can see what you are typing as you type it.

Inside each classroom looks something like this...

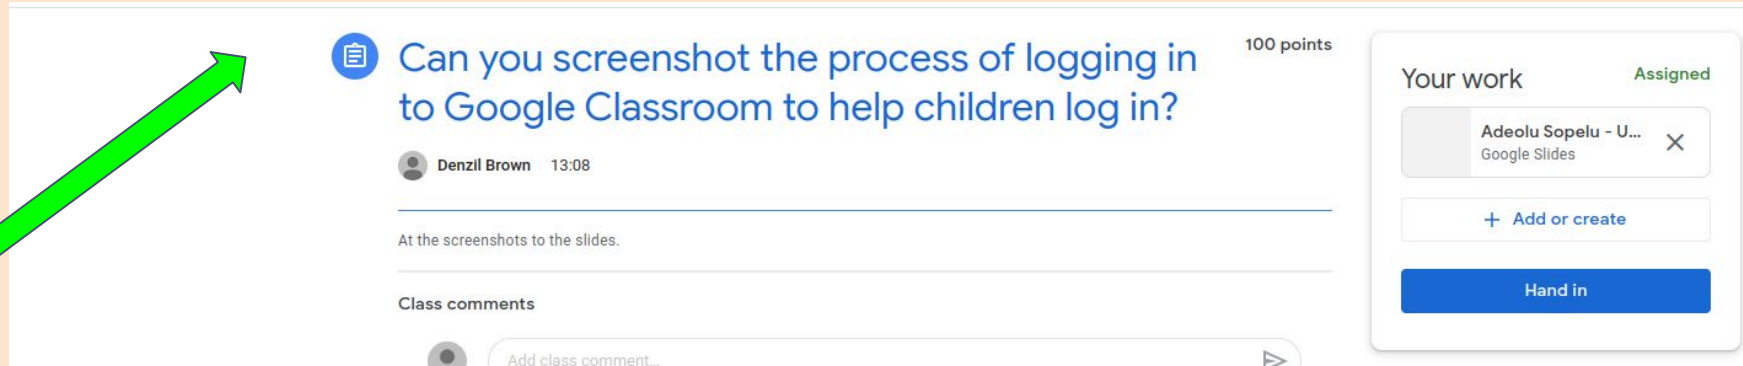

Name of class

'Assignments' have a blue sign next to them. This is what your teacher wants you to complete.

'Stream' This shows any useful information your teacher wants to pass on. Only your teacher can post on the stream at St Luke's. This is where you can access your assignments.

When you open an assignment it looks like this...

The screenshot shows a Google Classroom assignment interface. On the left, a green arrow points to the assignment title. The title is "Can you screenshot the process of logging in to Google Classroom to help children log in?" in blue text. To the right of the title, it says "100 points". Below the title, there is a user profile for "Denzil Brown" and a timestamp "13:08". Underneath, there is a text area with the instruction "At the screenshots to the slides." and a "Class comments" section with a text input field and a submit button. On the right side, there is a "Your work" panel with the status "Assigned". It shows a list of work items, currently "Adeolu Sopelu - U... Google Slides" with a close button. Below the list is a "+ Add or create" button and a "Hand in" button.

Can you screenshot the process of logging in to Google Classroom to help children log in?

100 points

Denzil Brown 13:08

Assignment title

You will be able to access your assignments on the 'stream'

Your Work

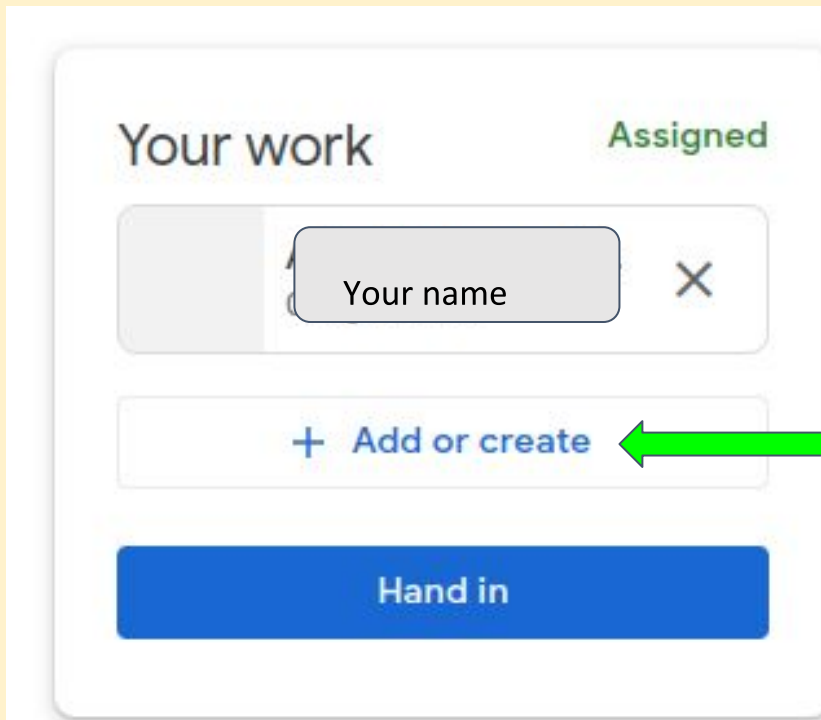

'Your work' directs you to the documents you will work on.

The screenshot shows a user interface for 'Your work'. At the top left is the text 'Your work' and at the top right is the word 'Assigned' in green. Below this is a list of documents. The first document is a grey box containing the text 'Your name' and a small 'x' icon. A red arrow points from the text 'Sometimes, you will see your teacher has made a document for you to do the assignment on with your name on. Click on it to open it.' to the 'x' icon. Below the document list is a button with a plus sign and the text '+ Add or create'. At the bottom is a large blue button with the text 'Hand in'.

Sometimes, you will see your teacher has made a document for you to do the assignment on with your name on. Click on it to open it.

Add or Create...

The screenshot shows a user interface for submitting work. At the top, it says 'Your work' and 'Assigned'. Below this is a list of documents, with one titled 'Your name' and a close button (X). Underneath the list is a button labeled '+ Add or create', which is highlighted by a green arrow. At the bottom is a large blue button labeled 'Hand in'.

‘Add or Create’

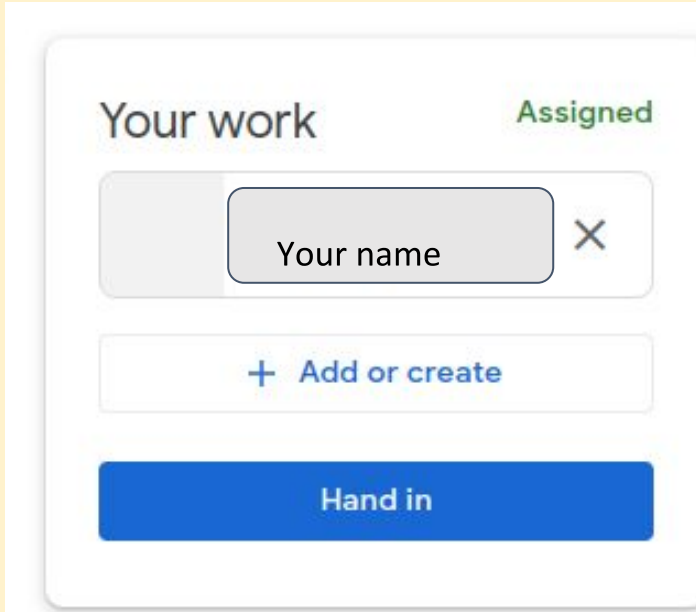

This means you can create your own documents. **Only do this if your teacher has specifically said that’s what they want you to do.**

Hand in...

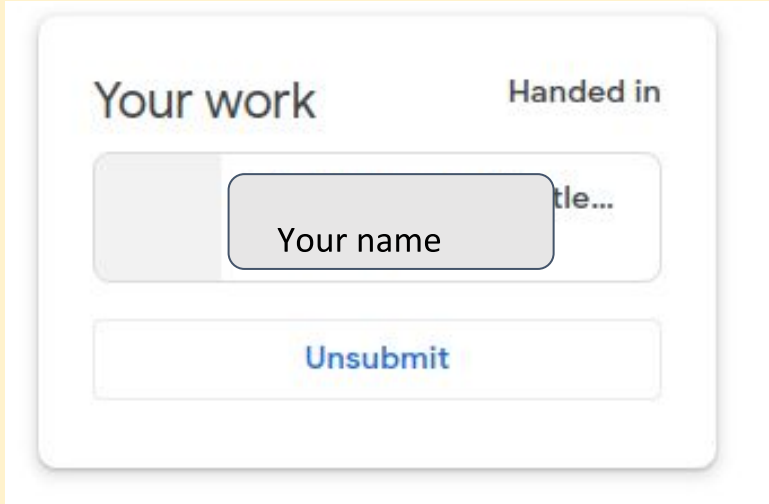

When you have finished your work you are ready to hand it in. Instead of physically handing it in you click the blue hand in sign.

It will then ask you to confirm it.

Then your work is sent to your teacher to mark and check!

The image shows a user interface for submitting work. It features a white rounded rectangle on a light yellow background. At the top left of the rectangle is the text 'Your work' in a dark grey font. To its right, the word 'Assigned' is written in a green font. Below 'Your work' is a light grey rectangular area containing a smaller rounded rectangle with the text 'Your name' and a grey 'X' icon to its right. Underneath this is a white button with a blue plus icon and the text '+ Add or create'. At the bottom of the white rectangle is a solid blue button with the white text 'Hand in'.

Handed in...

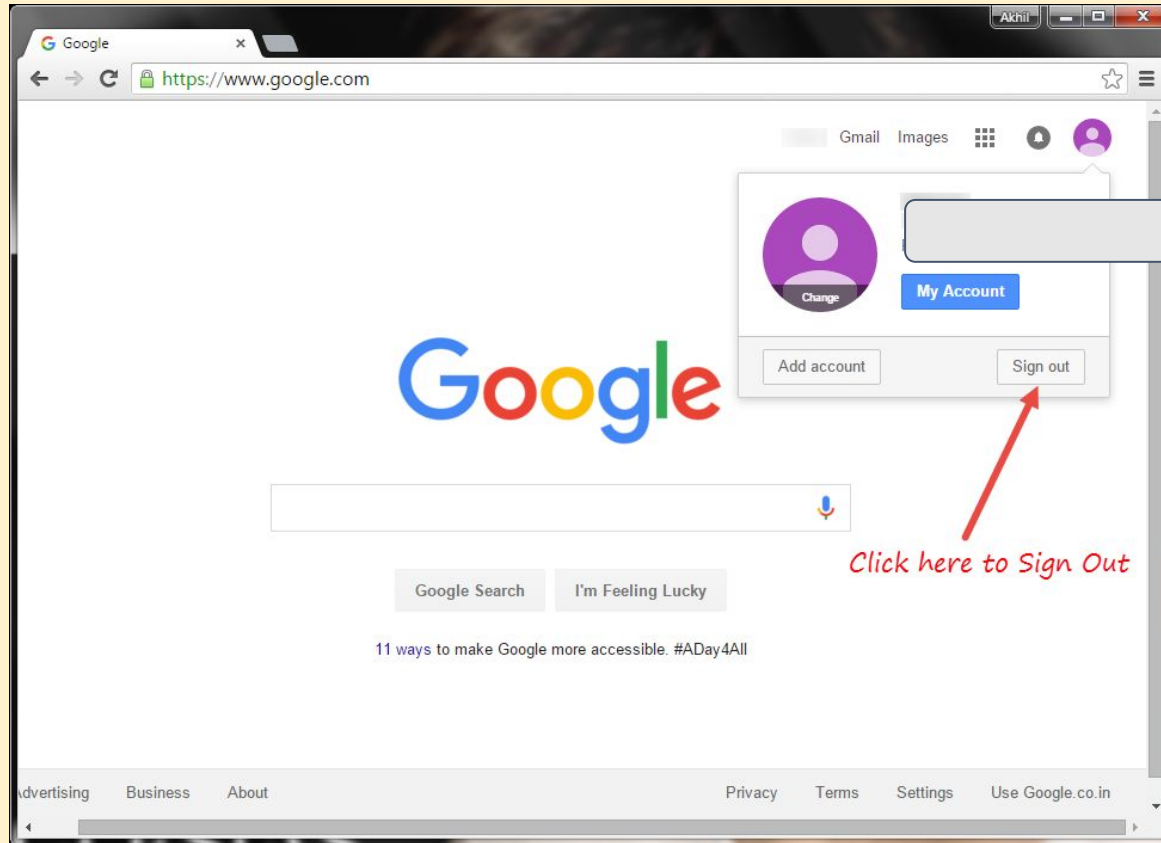

The screenshot shows a user interface for submitting work. It features two main sections: 'Your work' and 'Handed in'. The 'Your work' section contains a text input field with the placeholder 'Your name' and a button labeled 'Unsubmit'. The 'Handed in' section is partially visible on the right, showing a text input field with the placeholder 'Title...'.

Once it's handed in it will look like this.

You can unsubmit and resubmit if you want to make changes.

Make sure your child signs out of their Google account
at the end of the session

Logging in to Google Classroom
