

St Luke's News

A Christian school that serves a diverse community and works in partnership with parents to develop the whole child.

16th June 2023

Dear Parents & Carers,

The heat is on in the final part of the school year – and I do not mean the weather! Next week on Tuesday we have our Sports Day and by the end of this month we will have officially reported the national assessments that are linked to YR, Y1, Y2 and Y4. On the 11th July we will be notified of how the Y6s have done in their SATs and by Thursday July the 13th the end of year reports will go out to you. For a full set of dates to look out for please see the end of this newsletter.

Check out some of our RHSE Curriculum

On Monday 19th June at 9am and Thursday the 22nd June at 3pm we will put out the *Sex Education* part of our RHSE curriculum (guided by the government) for parents to look at. All year groups will be teaching this part of the curriculum during the same week – the 26th-30th June. There have been NO changes to this curriculum over the last 2 years and as always we are committed to teaching the children about their bodies in a scientific but sensitive way. If you have any questions at all please come along for a look and chat.

More Sporting Success for St. Luke's!

St Luke's have won yet another Sports competition - that makes *8 trophies this year!* This time it was a talented team of 10 Sports Stars from KS1 & KS2, who travelled to The UEL Sports Dock in Beckton to participate in a Newham SSP Multi Skills competition. After competing in 7 different skill games that tested their throwing, aiming, reaction, agility and running skills, our fabulous team came 1st out of 10 schools! We also won this same competition last year! Well-done, St Luke's is very proud of you.

...And yet more!

On Tuesday 6th June, 36 Year 3 & 4 (and 1 from Year 2) sports stars travelled to Memorial Park in West Ham, to participate in their very first Cricket competition. Run by Platform Cricket, it was an excellent competition where, as well as having lots of fun, everyone learned a lot of new

cricket skills. Out of the 11 teams that participated, our Pink team finished 4th and our Grey team finished 2nd. Well-done to all our St Luke's Competitors, you were amazing playing a sport we have never concentrated on before – but just in time for the Ashes!

University Visit

Oxford University is one of the oldest universities in the world, with evidence of teaching as early as 1096. One of our Y5 pupils had the good fortune last week to visit with her friends from other schools who she works with in a homework club. Perhaps one day she will walk those ancient halls as a student.

Roblox Warning

*Rainbow Men is a game on Roblox and it is another inappropriate game where a killer is in the game 'map' and you have to avoid them and is totally unsuitable for primary aged children - **it is a 13+ age group** game for a reason and there is also no full way to know who your child may be interacting with, so it can be very dangerous – please don't let them play this game.*

Golden Assembly
